

Engineering/Construction Certification Letter
(minimum requirements)

DATE:

TO: Land Resources Division
Waukesha County Department of Parks and Land Use

FROM: (Project Engineer's Name)

RE: Engineering/Construction Certification for the following project:

Project Name: _____

Section _____, Town of _____

Permit # _____

This correspondence shall serve as certification that all engineering designs and construction work on the above-referenced project have been completed in accordance with all applicable Waukesha County technical standards/specifications and the construction plans approved by the Land Resources Division.

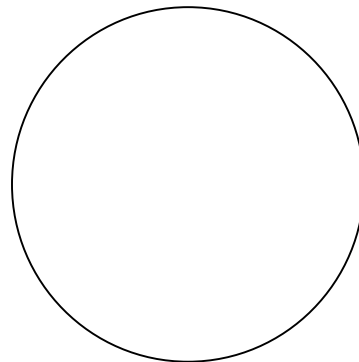

Any variations from the originally approved construction plans are noted in the enclosed "as-built" plans. These variations are considered to be within the tolerances of standard construction techniques and do not affect the original design(s) in any way.

[Note: The County may request additional documentation to support this statement depending on the extent of deviations from the approved plans.]

Or

Any design changes made during construction have been pre-approved by the Land Resources Division and are shown in the enclosed "as-built" plans. Documentation of design changes (computations, etc.) is also enclosed for your records and review.

Please contact me if you should have any questions.

(Signed P.E. stamp must be included)
